PROFILE

I am a multidisciplinary software engineering undergraduate with a creative problem-solving approach, an artistic mindset, and a proven ability to learn quickly. I have led award-winning hackathon projects, combining technical skills and design thinking. Passionate about efficient, user-focused systems, I excel in teamwork and solving real-world challenges.

EDUCATION

Sabaragamuwa University of Sri Lanka

2021 - 2024

BSc. (Hons) in Software Engineering

Cumulative GPA: 3.4

Girls' High School, Kandy

2006 - 2019

Combined Mathematics, Physics, ICT

Z Score: 1.5104

SKILLS

- Web Development** (HTML, CSS, JavaScript, React.js, NodeJS, MongoDB, Firebase)
- Mobile Application Development** (Flutter, Dart, Firebase)
- Team Leadership, collaboration, and project management
